Article IV-- Chapters

SECTION 1: Qualifications for Chapters

Any high school or two-year college, with accreditation from a recognized accrediting agency and offering courses in mathematics, may petition to have a chapter, providing it meets the following minimum requirements.

(1) High schools must offer at least two years of algebra and one year of geometry, or their equivalent, and a minimum of one year of more advanced mathematics. These requirements cannot be fulfilled by courses in general mathematics, general business mathematics, or arithmetic. Two-year colleges must offer at least three courses beyond pre-calculus, which include calculus, differential equations, linear algebra, or statistics.

(2) The school must employ at least one teacher whose primary teaching field is mathematics and who has completed an undergraduate mathematics major or its equivalent at an accredited college or university. The equivalent of a mathematics major shall be understood to include a minimum of six college mathematics courses at the calculus level or above.

(3) The Principal, or other chief administrative officer of the institution, must approve the petition.

(4) An initial charter fee, along with the regular initiation fee for each member, shall be paid to the office of the Treasurer before a charter is granted. If a check accompanies the petition, it will be held until the institution is granted a charter, at which time it will be cashed. If the charter is denied, the check will be returned to the petitioning school with an explanation of why the charter was denied.

(5) High school chapters shall be admitted for membership on the approval of the President and the Governor of the appropriate region. Two-Year College chapters shall be admitted for membership on the approval of the President and the AMATYC Representative. Should either deny a petition for membership, the school may appeal the decision to the Governing Council for consideration. A two-thirds vote of the Governing Council shall be required to approve such a chapter for membership.

SECTION 2: Inactive Chapters and Forfeiture of Charter

(1) If a chapter makes no report of new members for for one year, at the end of that school year, the National Office shall inquire by letter if it is still an active chapter. If no members are added the following school year, for a total of two consecutive years without members, the chapter shall be considered inactive. The school will be notified that the chapter has been made inactive and asked to remove the name Mu Alpha Theta from its math club. A chapter may reactivate at any time, simply by sending the initiation fees for its members and paying a reactivation fee.

(2) If an inactive chapter, with members, continues to use the Mu Alpha Theta name; and three months after a warning letter is received, still does not register their members, their charter will be rescinded. If a charter is forfeited, the school must resubmit a petition and pay for a new charter, should they want to have a chapter at some time in the future. The chapter sponsor and the principal of the school will be notified by registered mail that they are in violation of this constitution and that their charter has been forfeited.

The report shall be submitted to the National Office or to their Regional Governor approximately two weeks prior to the July meeting.
- (10) Affiliates shall designate a person within their organization as a liaison with the National Office.
