

CONGRATULATIONS!

To the Diane Rubin Service Award Recipient...

Since its inception eight years ago, the **Saint Andrew's Mu Alpha Theta** chapter has grown exponentially, from 15 members to more than 80 today. Its membership makes it the largest club in the school and is comprised of 15% of the upper-level students! In addition to inspiring a love of math among its members, the Saint Andrew's School chapter strongly believes in giving back to its local community. To ensure this, chapter members complete 10 hours of community service each year through various programs such as volunteering at a local children's development center (like the Florence Fuller or the YMCA) or peer tutoring K-12 students at their school. These tutoring projects help the students and the tutors better learn the material, improve their communication skills, and build relationships. Saint Andrew's School Mu Alpha Theta members have gone above and beyond the call of duty to volunteer their time and passion for mathematics to their community. Keep up the great work, Saint Andrew's School!

To the Regional Sponsor of the Year Award Recipients...

Region 2:
Dr. Tamika Lindsey
Rockwall High School
Rockwall, TX
