

Mu Alpha Theta's Diversity, Equity, and Inclusion Statement

Adopted April 24, 2021 by the Mu Alpha Theta Governing Council

Mu Alpha Theta has the purpose of and is dedicated to inspiring keen interest in mathematics, developing strong scholarship in the subject, and promoting the enjoyment of mathematics in high school and two-year college students. The mathematics of the future relies increasingly upon a person's ability to imagine and create, as well as their ability to reason.

Mu Alpha Theta is committed to fighting racism, discrimination, and inequity—both within our organization and within our world. Towards this end, we encourage all members to exhibit actions that will promote dignity and respect, rejecting all forms of bullying and discrimination of all backgrounds.
